Members of the Richmond lodge arrived here yesterday afternoon at 5 o'clock in their paintial special train, and at once marched to the Hotel Stanton, where they will make their fleadquarters during their reunion.

The delegations were met at the station by a body of their local brothers, with a brase band and escorted to their hotel, where an informal reception was held. Virginia is well represented here, and there are more to arrive. Fifteen members of the Danville Lodge, No. 273, and twenty men from the Lynchburg lodge arrived yesterday and to-day. The former expect ten more men late tonight or to-morrow.

The visiting Elks arose this morning to face one of the hottest days in the history of the local bureau. All day long the sun beat down on the heads of the deyoted brothers and made campaigning extremely uncomfortable and drove every one to the surf. With stones, brickbats and sticks they killed the snake, and there let him lie, relieved that they had escaped the peril of his bits, for mec, casins are among the most poissonius snakes known among the roptiles in the State.

Officers have encountered opossuma rabbits and other beasts and birds of the air along their, lonely heats, but this is the first time that any of them have come across and killed a snake in the heart of the city. The reptile is supposed to have out of some nearby cellar, driven out probably by the excessive heat—too much for even a snake to bear.

Candidate for House Shrinks From Asking Public Support.

Quite the meckest and ienst self-assertive amouncement of candidacy for office seen in Virginia this year is that of W. G. Hurtt, who aspires to be the member of the House of Delegates from Northampton county. Mr. Hurtt, in his published card, says that he is an "unsolicited" aspirant, and adds that he shrinks from asking the people of the county to support him for such a high honor. However, he concludes, no one will question his right so long as he makes use of only lawful and honorable means.

It is supposed that he will have as his opponent the incumbent, W. Builtt Fitchugh. It remains to be seen if Mr. Fitzhugh will prove as meek as his rival.

Hot Wenther Causes Poor Business in Broadway Restaurants.

New York, July 10.—Strange os it may seem, the coolest places in inecity during New York's recent hot seourge—the largest restaurants in and around Broadway—are said to have lost more money than any other general business. The managers estimate that more than \$1,750,900, which ordinarily would have been taken in at Broadway restaurants during the five or six days, was diverted into other channels.

In one hotel, which can accommodate soo to 1,000 persons at tables, there were fifteen guests at Jinner last Tuesday evening, yet the management had to pay hundreds of walters and either employes. The next evening nine tribles were occupied.

The automobile has played a stronger part this year than ever before in the depletion of the summer restaurants revenue. Through the reduction in the pripe and rental rates of good cars, hundreds of persons have been enabled to spend the holtidays, Sundays and week-ends on tours to seashore or country.
